Adner Marcelin is listening to our community to make it stronger.

**On the Tallahassee City Commission, he'll work for
everyday people, not special interests.**

Adner knew he had to run after watching Dianne Williams-Cox cast the tie-breaking vote to back the disastrous \$27,000,000 Seminole Boosters Doak Campbell Stadium deal. Unlike the incumbent, Adner knows that our tax dollars should be spent to make our city work for all of us — not on luxury skybox renovations.

ADNER'S PLAN FOR TALLAHASSEE:

- ✓ **Make Tallahassee a place people want to open a business and pursue their dreams.**
- ✓ **Ensure neighborhood safety** by increasing trust between our community and the police.
- ✓ **Protect our tree canopy** and restore our waterways.
- ✓ **Bring Blueprint Executives** under the sunshine to end backroom deals with public dollars.
- ✓ **Invest Blueprint OEV dollars** into local small businesses instead of developer handouts.
- ✓ **Develop real, affordable housing** for people, not developers seeking a handout.
- ✓ **Stop giving away our money and land** to wealthy campaign donors and lobbyists.
